

Pool Supplies Canada Above Ground Liner Return Policy

You may return most new, unopened liners within 30 days of delivery for a refund. We will pay the return shipping costs if the return is a result of our error (you received the incorrect liner, etc). Return packages must be packed to shipping standards and a photo must be provided before hand in order for your return shipment insurance to be valid.

Please do not use adhesive packing slip envelopes, tuck tape, masking tape, duct tape, magic marker or pen on packages being returned. Clear packing tape is acceptable to seal your liner box. If any of these materials are used on the packaging of your returned liner, a 15% re-boxing fee will be deducted from your refund.

Please note that above ground liners that have been removed from their original packaging cannot be returned, unless approved under warranty.
